The Clinical Research Services (CRS) department in the Sylvester Comprehensive Cancer Center is expanding and is hiring multiple Clinical Research, Regulatory and Research Nurse professionals. CRS is a centralized clinical trials office supporting cutting edge clinical trials for cancer patients for Phase 1-3 clinical trials. We provide regulatory, clinical, and quality assurance services to physician Investigators at the medical campus in Miami and at 6 satellite locations. UHealth's world-renowned experts offer leading-edge treatments across more than 100 medical specialties including Bascom Palmer Eye Institute, the #1 Eye Hospital in the U.S., and Sylvester Comprehensive Cancer Center, South Florida's ONLY NCI-Designated Cancer Center.
